

SCYLLA

- **Introduction**

- Scylla is one of the biggest river cruise lines in Europe
- Current fleet exists of 40 river cruise vessels, with currently one operating on River Douro
- Newest Douro commissioning: MS Porto Mirante in 2024
- From 2025: three new built ships every year – a minimum of one per year will be operating on River Douro

QUALITY, OUR PASSION.

- **IG RiverCruise study 2023**

- 1.22 million passengers traveled on European Rivers
- River Douro labeled as emerging destination (40% of 2024 new builds)
- Biggest river cruise source marked North America: 5% of travelers cruise on the Douro (27K Pax)

- **Investing in a greener and more sustainable future of river cruise vessels**

- Green Award Certifications
- Carbon Neutral HVO100 Fuel
- Solar Panels / Shore Power

- **Creating stakeholder based approach towards sustainable business model in Portugal**

- MS Andorinha and MS Porto Mirante registered with Portugese Flag, homeport Madeira
- Sourcing of local suppliers in F&B, shore excursions and crew (e.g. Captain, Musicians, Cruise Directors)
- Investing in new infrastructure and destinations, by partnering with authorities and municipalities (e.g. project Leverinho)
